

Bio / about

Mia Karlsson is a Swedish singer and guitarist who delivers a magical mix of singer/songwriter, Americana with a touch of rock. Her performances are described as dynamic and emotional. This evening Mia will perform songs from her upcoming album as well as some of her favorite songs by other artists.

Mia has made her mark as singer, guitarist and frontwoman in Crucified Barbara, the Swedish hard rock band which, after four studio albums and world wide tours behind them, disbanded in 2016. After a seven year long break from the scene, recovering from burnout, Mia has now found her way back to the joy of playing music again. Crucified Barbara will reunite in 2025 and Mia will release her debut album as a solo artist and singer/songwriter early next year. Besides reuniting with Crucified Barbara, Mia is currently touring as session bass player with the Gems and with her acoustic solo project in Europe.
